

Edexcel A Level Politics: Bridging the Gap

Welcome, year 11!. The pack is designed to give you a flavour of what A level Politics is all about. You will be introduced to some core political concepts and events to get you ready for sixth form. There is also the chance to do independent research, ready for September. The work in this pack will take a long time, so you can break it up. Don't feel you need to complete it all in one go!

Please complete the tasks and bring them with you for the first lesson in September.

If you have any questions, please do ask.

Task One: What is Politics?

"Politics is the study of how a people, a nation or a state is governed."

When most people think of politics, they think of people in offices, making deals and agreements that will affect millions of people - and it is. Politics is about power, about people, equality, war, conflict, debate, cooperation, freedom, money, etc. – it's about the relationship between the state (the government) and its citizens, or the state and other states. It governs everything we can and will do in our lives.

One of the reasons politics is so exciting is that it changes every single day based on the actions of individuals. Less than 500 people (in a country of 330 million) decided the result of the 2000 presidential election that made George Bush president. Closer to home, if just one out of every 50 people who voted to leave the EU had voted differently, we wouldn't have left. Each individual vote is vital, and yet 28% of all the people who could vote and registered to vote in that referendum didn't. It would take just a small number of them to change the result.

Your first task is to help you understand what Politics is really all about. Use the internet to research and understand what the following key terms mean and create a short definition for each *in your own words*.

Explanation
-

The most important thing in an A level is <u>your understanding</u> – so it's not about having the "right" or

Task Two: Which party policies do you support?

Go to these links here for the 2019 manifesto pledges of the UK's three major parties

- ➔ I would like you to choose a few policies of your choose and explain below why you support OR oppose that policy.
- → You must choose at least one policy from each manifesto to discuss. If you want to extend yourself and consider more than three, go for it!

Make your notes in bullet points or a table and focus on:

- Party:
- Manifesto policy:
- Agree/disagree & why:

Task Three: Who represents us?

Research and create a factfile on a current MP. They can be in any political party, they might even serve in the Cabinet or Shadow Cabinet.

The following are off limits: Boris Johnson, Keir Starmer, Nadine Dorres and Mohammad Yasin (locals MP).

Aim to include following details about them in your factfile:

- MP's name:
- Political party:
- Constituency (the area they represent):
- Areas they have a particular interest in:

- Points from their voting record: (found here <u>https://www.theyworkforyou.com/</u> by clicking 'voting record')
- Significant information: For example, Mhairi Black is the youngest MP or that Yvette Cooper is Chair of the Home Affairs Select Committee.
- Their official Parliament portrait

Task Four: What is happening in Politics?

As a Politics student, you need to keep up to date with news and current affairs. Each week record at least one news article or report that has influenced UK Politics. You can create a table like this to keep a running news log.

(It's tricky but try to avoid stories about Covid-19, even though it is dominating the news.)

Date	News source	Summary of news	Impact on UK Politics
