Section 1 – Description of Service

Service 1 is a clerical re-check. This service will include the following checks:

- That all parts of the script have been marked;
- The totalling of marks;
- The recording of marks.

Service 2 is a review of marking. This is a post-results review of the original marking to ensure that the mark scheme has been applied correctly. A marking error can occur because of:

- An administrative error;
- A failure to apply the mark scheme where a task has only a 'right' or a 'wrong' answer;
- An unreasonable exercise of academic judgement.

It is important to note:

- That reviewers will not re-mark the script. They only act to correct any errors identified in the original marking.
- There is a priority service only available for A Level qualifications to support progression. Should this be a service you wish to pursue please ensure that you notify the provider (eg university/college) that a review of results has been requested. The deadline for the request of this priority service to Kimberley College is Friday 18th August by 10am.
- Possible outcomes from these services are that the original mark is lowered, remains unchanged or is raised

Access to Scripts

Exam boards will provide access to marked scripts i.e. the written work of a candidate to centre staff and the student themselves. This allows students to access their scripts should they wish for their perusal or to support the decision making for a review of marking. Centres may also use this to support teaching and learning.
